

— CONDUCT OF MEMBERS —

The conduct of Members during a Lodge session must be in a dignified manner, with proper decorum at all times. Under the law no Member may bring into a Lodge session any “extracurricular” devices, equipment, glasses of beverage, or anything that may in any way distract the Member’s own attention or the attention of others. The Exalted Ruler, or the Esquire when so directed, shall require the Member possessing the item to remove it immediately, either by whispered private instruction or openly on the Lodge floor as circumstances dictate.
